-An experienced writer on the diseases of horses says: "Coughs are sometimes caused in horses by feeding dusty hay, a fruitful cause of disease. If caused by this, it will be cured by feeding hay entirely freed from dust, mold, &c. But, from long experience with horses taking sudden and severe colds, which frequently leave a cough, I have found nothing equal to steamed food as a cure. It is well known that turning a horse to succulent grass in pasture will generally cure a cough and greatly relieves the heaves, but cooked food has a much greater effect upon both. I have cured several horses BOOTS, SHOES, & NOTIONS, &c., &c., &c. with incipient heaves by steamed food, and never knew a cough that would not yield to it. Steaming prevents all ill effects from the dust, and also sweetens mow-hurt hay, musty straw, corn stalks, &c., and renders them healthy food. When one has no steaming apparatus for cooking food for stock, a hot bran mash, with a bag put over the pail and brought up on the horse's head, so as to keep in the steam while he is eating it, will sometimes relieve a cough and coid, but the horse should be kept warm after this Cloths. application.

The effective strenght of the British army by arms on the 1st of December last was 183,745, the average in 1875 being 184,669. The average during 1875 of the different branches of the service is as follows: Household Cavalry, 1,282: Cavalry of the Line, 16,112; Royal Horse Artillery, 5.520; Royal Artillery, 28,702; Royal Engineers, 5,647; Foot Guards, 5,550; Infantry of the Line, 115,257; Colonial Corps, 2,298; Army Service Corps, 3,002; Army Hospital Corps,1,290. The effective strength on the 1st of January, 1876, was 183,949. During the year 1875 the army was thus distributed: England, 69,479; Scotland, 4,173; Ireland, 23,541. The net loss from desertion was 2,429, or a percentage of 24. In 1874 STEAMENGINES. the percentage was 27.

- The Brooklyn bridge is the longest yet projected. It is 3,475 feet between the anchorages, with a clear span of PIPE FITTING FOR STEAM OR WATER 1.595 feet, the bottom chord of which will be 135 feet above the water. The Niagara bridge has a span of 821 feet; the Cincinnati bridge is 2,220 feet long, with a span of 1,057 feet. The bridge at St. Louis is of steel, with four piers of and Geiser granite and limestone sunk to the bed of 520 feet, and 515 feet over the water-

The dead man held a keen-edged carver in his hand, and a yellow flag, bearing the word "vengeance," covered the coffin. A mounted Chinaman rode at each corner of the hearse, and Ah Qua rode shead to clear the road. He succeeded in running over a white man, injuring bim severely, and getting himself ar-

It is rumored that considerable disssatisfaction has arisen in Ohio from the fact that there are no more offices in the gitt of President Hayes, which he can bestow upon Ohioans. It is also hinted that General Sherman and Senator Sherman, the President's two most confidential friends, are not by any means in accord as to several questions of Administration policy.

One Weed 7. C. (New).

It is said to be no uncommon occurreuce in China for a man to kill himself consequences of the death. This proceeding is, it is asserted, the most terrible form of revenge a man can take, and it is much dreaded by those who are conscious of having done anything to provoke it.

-The popular forests in the region of country north of Lewiston, Me., have been cut down for timber for the manufacture of paper These forests have been considered by the farmers as almost worthless, a great deal of the wood or lumber hardly paying for the cutting and hauling, but now it brings a high price.

- The public would be saved much expense in trying criminals if all thieves would follow the example of Regis Lalend, a Montreal dry goods clerk. He carried strychnice in his pocket, and swallowed it when he was caught stealing goods.

-The total debt of New York city is stated to have been on the 1st of January \$149,357,557; that of Philadelphia, approximately, \$60,000,000; while the total debt of Baltimore is only \$6,690,443.13. & Co.

Also Plaster and always keep on hand the best quality of Lump White Wash Line. Garden and Field Seeds always on hand in season. Also Agent for the Sweepstakes Thrusher, Eclipse Engine, Horse Powers, the Hagerstown Wheat Guano and Seed Drill, Horse Rakes, Plows, Masticulors and Strag and Fodder Cut

Also Agent for Howard County for the celebrated BUCKEYE REAPER AND MOWER, which I offer to the farmers of Howard County and guarantee in every instance to give perfect satisfaction or no sale, and challenge any and every other to a trial of Reapers on their merits. In testimony of merit I herewith sub-mit the certificates of farmers known to you all. In this there is no humbug, as you can meet them and learn for yourselves the truth. Respectfully, DAVID SPRECHER.

POPLAR SPRINGS, HOWARD Co., MD., March 6, 1877. Mr. David Sprecher-Dear Sir: In a full and fair trial with Buckeye, Champion, No. 6, Wheelerand World Reapers on our farm last harvest, it was the unanimous opinion of all present that the Buckeye was the best machine. Table Rake far excelled all others in delivering the grain. It delivers on the side out of the way a straight and compact

sheaf as good as any hand rake; no waste in handling the sheaf after it is bound, which no other Self-Rake that we have ever seen would do. After twenty years' experience with machines and through trial last harvest with the Buckeye in wheat, rye, oats and grass, from the manner in which it did its work, lightness of draft and managed so easily when in mo-tion, we do not hesitate in recommending it to farmers as the best machine now in use.

Yours Respectfully, TRACEY & WHALEN. WEST FRIENDSHIP, HOWARD Co. January 25, 1877.

Mr. D. Sprecher-Dear Sir: In answer to your inquiry as to the comparative merits of the Buckeye and Champion Reapers, I hesitate not to say that after a full and satisfactory trial of both, I pronounce the Buckeye the best machine I have ever handled; and that both as a Reaper and Mower, the Buckeye has, perhaps, no equal, and surely no superior. The Table Rake delivers the bundles perfect.

ly straightoras near so as can be done, and it saves at least one binder and enables them to do far better work. Respectfully Yours, G. W. LEISHEAR.

GLENELG, HOWARD Co., Mp.,
July 10, 1876.

Mr. D. Sprecher: It gives me the greatest pleasure to state that the Buckeye Reaper, with Table Rake Attachment, bought from you, far surpasses all that I had hoped for, both in reaping the grain and delivering the sheaf. Such is the excellence of the Rake that three hinders can do as much as tive after. that three binders can do as much as five after any other machine and do far better work. For simplicity of construction, lightness of draft, and evident durability, it cannot be ex-celled. In my opinion it is all that a ma-

light draft, durable, easily managed machine.
Both as a Reaper and Mower it pleases me.
As a saver of grain and labor it must win the favor of the farmer.

Yours Truly, RICHARD VANSANT,

Mt. Airy. Carroll County, Md. Mr. D. Sprecher—Dear Sir: 1 am much pleased with the combined Table Rake Buckeye Reaper and Mower bought from you. In rest them upon their own intrinsical ligent it is no small praise that many intelligent physicians have given them their entire apphysicians have given them their entire applications and gathers the money, because it causes no loss of time in the control of the harvest field, and it cuts and gathers the grain clean, and the sheaves made from it do not scatter the grain in gathering and they are in nice condition for shocking and stacking. It saves labor, as three binders can do as much and better work after it than five can after any other machine. It is the strongest light draft machine made and is more at command The great family remedy for the rapid cure of Coughs, Colds, Influenza, Croup, Hoarseness, Bronchitis, Consumption, in its earliest stages; and for the relief of Consumptive Patients, in the advanced stages of the disease. It is one of the best remedies known for Whenley Cought the Paragraph of The Consumption of the driver by use of levers, both to suit all kinds of grain and to regulate the size of the sheaf than any other. It cuts six feet and yet is easily worked by two horses. As a Mower it is all that a farmer needs. I like it also as a front cut, I would have no other. also as a front cut, I would have no other. Whooping Cough, Asthma, Dryness or Tickling in the Throat, Spitting of Blood, and the Cough succeeding the Measies.

Bloods a front cut, I would have no other.

For safety, service, saving of grain and labor, case management of the machine, and comfort, both to man and beast, I heartily commend

JOHN W RHINE.

MOUNTAIN VIEW, HOWARD Co., Feb. 6, 1877.

It delivers the bundles on the side out of the way without a particle of tangle underneath and saves at least two binders as well as enables them to make nice sheaves and clean through cutting smoothly and delivering in good shape. It delivers in good order the tallest wheat, rye and oats, as well as the shortest, and also grain leaning from the machine. In every respect, as a harvester of grain or as a mower, I deem it perfection and would have no machine but a Buckeye. This I say after testing it fully. I believe it to be durable, and I know it to be of light draft, easy on the horses and so easily managed by use of levers (with nothing slashing around the head of the driver like the Champion Rake) that a boy can drive and at the same time lower or elevate the bar and guards to suit light or heavy or down wheat and stop

Mr. D. Sprecher-Dear Sir: The combined Reaper and Mower bought from you is all right, and I have never made a purchase that pleased me better. It gives me pleasure to commend it as superior to all other machines for many reasons; among which are-lightness of draft, durability, easily managed by the driver to suit short or tall, down or upright grain and I also like it as a front cut machine. But its crowning perfection is the Table Rake, which delivers the bundles on the side in the A large lot of PURE ANIMAL BONE dissolved in Sulphuric Acid by J. J. Turner & Co.

Aug. 26-1f.

E. A. TALBOTT.

WITH PHOSPHATE OF LIME & IRON.

With delivers the bundles on the side in the very best condition free from tangle, and is thus a labor and grain saver. After a full trial I think, both as a Reaper and Mower it caunot be beaten. I heartily indorse the Buckeye.

Yours, &c., JOSEPH SMALLWOOD,

Mr. D. Sprecher: It gives me pleasure to say that the combined Table Rake Reaper and Mower bought from you gives me very great satisfaction. The Table Rake delivers the grain in better condition than I thought any rake could be made to do it. It also cuts the grain clean and as a Mower in my opinion it cannot be beaten. I hesitate not to say that both as a Resper and Mower I think the Buckeye has no equal.

Ayer's Hair Vigor

For restoring to Gray Hair its natural Vitality and Color. A dressing which is at once agreeable, healthy, and effectual for preserving the hair. It soon restores faded

or gray hair

to its original

color, with the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often. though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will present the hair from turning gray or falling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous, and injurious to the hair, the Vigor can only benefit, but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich,

glossy lustre, and a grateful perfume. Prepared by Dr. J. C. Ayer & Co., Practical and Analytical Chemists, LOWELL, MASS.

Sprecher—Dear Sir: I bought a combined Champion Reaper for the harvest of 1875 and was pretty well pleased with it until I saw the Buckeye perform in its contest with the Champion on the farm of Mr. David W. Burdette, in the harvest of 1876, and was so satisfied of its superiority over the Champion that I traded with you for a combined Buckeye Table Rake Machine. I am still of the same opinion and pronounce the Buckeye their wants.
the best machine in use as far as I know. It cuts clean and delivers in nice condition on

As a saver of grain and labor it must win the favor of the farmer.

Mr. D. Sprecher-Dear Sir: The combine Buckeye Reaper and Mower with Table Rake Attachment, bought from you, gives entire satisfaction. I believe it to be the best in use,

Respectfully Yours, JAMES S, RIDGELY.
